Cycling Independent Reform Commission

2013, September

Brian Cookson elected UCI President

2014, February

UCI convenes the Cycling Independent Reform Commission (CIRC)

- Dr. Dick Marty, President
- Mr. Peter Nicholson, Vice President
- Prof. Dr. Ulrich Haas, Vice President

2015, March

CIRC publishes its *Report to the President of the UCI*

3.3.3. Riders' union

CIRC recommends that UCI facilitate the creation of a strong riders' union. The purpose of the union would be to give riders a collective voice, particularly on issues of ownership, revenue sharing, the racing calendar and anti-doping. The riders' union should also be given a number of votes in Congress, so that riders have a say in how UCI is run. Membership could be linked to voting eligibility in the presidential elections.

The UCI Management Committee is the executive body that manages the Federation, acting under the authority of Congress. It meets at least twice a year, headed by the UCI President. Its tasks include executing the decisions of Congress, establishing regulations, awarding the organisation of World Championships and setting up commissions to help it carry out its mission. It also appoints the UCI's Director General.
