

# NSGO results

## MONTENEGRO

with the support from the Council of Europe

# Context - good governance culture

- Evaluation of the governance structure (1979)
- Introduction of good governance principles (1980)

# Montenegro's sport system

- Interventionist
- Centralized
- Consolidated
  
- Law on public administration/Law on public servants/Anticorruption Law
- Enabling and stimulating PEPs to be in charge of sport organization
- As a direct consequence, political representatives, most often from the governmental level, are dominantly represented within governing and internal audit bodies of federations
- Resulting in inability to tackle numerous corruption cases (Chess, Wrestling, among others)
